CURRENT PROBLEMS OF CARDIOVASCULAR AND SOMATIC
DISEASES

Dushanbe, April 26 – 27, 2019

LETTER OF INFORMATION

Dear Colleagues!

We invite you to take part in the Asian and the Commonwealth of Independent States Congress of Cardiologists and Therapeutics, which will be held on April 26-27, 2019 in Dushanbe, Republic of Tajikistan.

Agenda

- Status and development prospects of the cardiological and therapeutic services;
- Highland medicine: diagnostics and treatment aspects in conditions of high altitude hypoxia and extreme pathogenic effects in terms of cardiovascular and somatic diseases;
- Emergency aid in critical conditions caused by cardiac and somatic diseases;
- Modern medical technologies for diagnostics and treatment of cardiac patients;

- Interventional cardiology and cardiovascular surgery (achievements, problems and solutions);
- Major problems of the XXI century medicine: metabolic syndrome, diabetes, comorbidity;
- Chronic lung diseases in therapeutic practice;
- Relevant issues of gastroenterology, nephrology and hematology;
- Psychosomatic and neurological disorders in cardiologist practice;
- Systemic connective tissue diseases;
- Family medicine and public health: status and development prospects;
- Nursing in case of clinical picture of internal diseases.

The scientific congress agenda represents lectures, plenary sessions, scientific symposia, breakout sessions, poster presentations, young scientists competition, and schools for general practitioners. During the congress, an exhibition of pharmaceutical companies will be organized.

Detailed scientific agenda will be published on www.medacad.tj, www.moh.tj and www.cardioprogess.ru 15 days before the beginning of Congress.

Publications

It is planned to publish a collection of abstracts within the framework of the Congress. The congress deliverables will be published as an appendix to the magazine recommended by the Higher Attestation Commission of the Ministry of Education and Science of the Russian Federation (Cardiovascular Therapy and Prevention; Bulletin of the Academy of Medical Sciences of Tajikistan).

NOTE! Abstracts are to be received by the Steering Committee by February 1, 2019.

Abstracts received after the specified date will not be published.

Abstract formatting

1. **Abstracts size** – 1 page (A4), margins above, below, right and left - 2 cm. Font - Times New Roman - 12, 1 line spacing, maximum of 2000 characters. Tables and figures are banned. Abstracts will be printed without retyping and will not be subject to editing and proofing.
2. **Title** should specify: title (in capital letters), from the new paragraph - the author name and initials, from the new paragraph - institution, city, country.
3. **Content** of abstracts should reflect: objective, research methods, outcomes, conclusions. Abbreviations are not allowed in the title of abstract.

Steps for sending abstracts:

1) Save a file with abstracts as **KarimovSSDushanbe1**

The name of the file to be saved is made out according to the following procedure:

Surname and initials of the first author, name of the settlement where the working place is located and initials of the first author of the abstract, reference number of the paper. For example, **KarimovSSDushanbe1** for one (first) paper and **KarimovSSDushanbe2** for the second one. The file name is given in Russian letters without spaces.

2) Create a file **Contact** with contact information, **KarimovSSDushanbe1**, where it is necessary to indicate: the name of the abstract, authors, institution, city, country, surname, name, patronymic of one of the authors for correspondence, his/her address, telephone / fax, e-mail.

3) Abstracts are to be send in soft copy in Word format to cardio2019tj@gmail.com

To indicate **KarimovSSDushanbe1** in line *Subject*. Message should contain:

- file with abstracts (one file should contain one abstract)
- file with Contact Person information.

Abstracts non-complied with the requirements and send by fax will not be considered.

Example of abstract formatting:

RISK FACTORS OF MYOCARDIAL INFARCTION BY YOUNG PEOPLE (do not put a point)

Urunbayeva D.S., Gaibova Z.V.

Cardiology Department with a course of Clinical Pharmacology, State Educational Institution "Institute of Healthcare Postgraduate Education of the Republic of Tajikistan", Dushanbe, Tajikistan (do not put a point)

The most interesting scientific papers and abstracts will be selected for presentation in the form of viva-voce report and poster presentations.

Exhibition

For drug and medical equipment manufacturers will be organized:

- Satellite Symposiums;
- Exhibition of drugs, modern medical equipment, special publications, medical products.
